Activities

Campus Activities

The English Club works hard to help students improve their language skills in a friendly setting. We organize fun competitions like speaking contests and writing contests, and we give prizes to the winners.

We also have regular activities to practice listening, speaking, reading, and writing. Sometimes, successful alumni come to share their stories and talk about why good English skills are important for finding jobs. We encourage students to form small groups where they only speak English, both on and off-campus. And we provide books and materials about language and literature to help members learn more. Our goal is to give students the support and resources they need to become better at English and succeed in their studies and future careers
